TO THE CLASS OF 1999:

Well, here we are. Thus ends a chapter in our lives. Do you believe it? After twelve years of memories, laughs, and cries, we're finally here. For some of us it's been easy, for some it's been hard.

What stands true is that we've gotten through it all and helped each other along the way. Soon we'll be off in different directions pursuing our many ambitions, but we'll never be able to let go of all the times we've shared. For many, this time will be a sad one, full of tears and farewells, but one thing we should remember is that we are about to embark on an amazing journey. We're all part of one large puzzle and we need to find those extra pieces. Shed a tear, for we are saying "goodbye" for now, but smile, for we have memories in our hearts. I want to share a few words with you from "The Muppets Take Manhattan." Read these lyrics and keep them close to your heart: "Somehow I know we'll meet again, not sure quite where, and I don't know just when. You're in my heart, so until then, wanna smile, wanna cry, saying goodbye."

# ADVICE TO UNDERCLASSMEN

Never date someone from West Bridgewater.  
Take problems with stride; there is no problem that doesn't have an answer. Some answers may take longer than others, but those are the ones worth figuring out the most.  
Don't take Physics and don't wait until your senior year to take Chemistry.  
Grow up. Don't argue with Mrs. Peckham about anything.  
Always give up. Don't drive your car into anything.  
Never think that nobody is listening, because someone is always eavesdropping.  
Shut up and dance. UPS has surveillance cameras.  
Smile and enjoy life while you can. Have no regrets. Be nice to Mrs. Kelley.  
Don't eat school tacos. Listen to Limp Biskit.  
Give up. Throw more high school parties. Don't buy lunch on grilled cheese day.  
Don't take French. Take advantage of first year teachers.  
Don't be late coming back from privileges on the first day.  
Make sure Spanish class is with Mrs. Page before you take it.  
Don't throw ketchup packets on field trips. Until you're a senior-sit in the front of the bus.  
Be nice to Senorita Page. Don't get on the older girls bad side, you won't go far.  
Stay home the night before S.A.T.'s.  
Junior girls shouldn't walk around like they own the school until they are seniors.  
Always go to dances; always participate. Always do Hopper homework or you'll be lost.  
Two words: "Cliff Notes". Always vote for 80's day.  
Don't take all 4 A.P. classes and watch out for computers. Don't throw pennies on a field trip.  
Always have an intelligent comment in Mrs. Cleary's class.  
Take easy classes. Don't give threats to teachers. Join the ARMY.  
Avoid all A.P. classes; have fun while it lasts; take all easy classes.  
Do whatever upperclassmen tell you to do and don't try to tame a savage beast.  
Keep asking Mr. Lopes about the twenty fifth. Don't get put in the corner in Mrs. Cook's class.  
Take freshman year seriously. Stay away from the path of the bullet.  
When you're the lone junior don't try to be the seventh senior. Listen to Weezer and pop your zits.  
Never leave smoke in the school parking lot; never give a sophomore a bag of chips and some Pepsi.  
The pool is on the third floor, use the elevator.  
Take it easy on school nights or first period will be nap time.  
"Forget, regret or life is yours to miss". Join Drama Club.  
Listen to Mr. Sarro, he knows what he is talking about.  
Don't argue with Mrs. Kenrick it's an endless battle.  
Never put your head down in Mrs. Peckham's class.  
Go to Forest Street in the morning, you'll see what's up.  
Put your head down and shut up when Mrs. Hopper is yelling at you.  
Don't drive into puddles when practice isn't over yet.  
Don't threaten Mrs. Kelley, you'll end up in college making it up.  
Don't flip anyone off in front of the principal and don't let Gill see you cut in lunch line.  
Watch out- you might learn something.  
Don't hang on guys that you don't go out with...you'll get a rep.  
Enjoy high school while it lasts.

Superintendent of Schools

Congratulations to the graduates of the Class of 1999

I have followed your academic, artistic and athletic successes through the school year, and have been proud to serve as your Superintendent

Graduation from West Bridgewater High School signals the end of a very significant part of your lives. The educational community joins with your family in the hope that you will now combine the lessons learned in the classroom, in the auditorium and on the athletic field to accomplish the goals you have set for the future.

John H. Stoke wrote the following:

*"When you can think of yesterday without regret and tomorrow without fear, you will be on the highway to success."*

There is no doubt to any of us that each of you has entered the highway and will contribute to the improvement of society.

I wish you much success and happiness now, and in the future

Rena G. Shea

Mr. Leon Liatsos

Dear Members of the Class of 1999,

It has been my pleasure to serve as your Principal in this, a hallmark year of your lives. Your individual and collective achievements in academics, the arts, and athletics have certainly left a mark of excellence and service to others.

We are all rather awed by how quickly time passes, grades K through twelve in the blink of an eye – can you believe it! You have used your time wisely to develop and mature into a most able group of young adults. In this regard your educational and experiential achievements will continue to guide you through future challenges.

This is a moment for you to cherish. Hold it dearly. It is well deserved, for you have earned it. Many future life passages lie ahead. Just as you have surpassed the expectations placed upon you, shall you as well exceed them in the new millennium.

May I join with your family, teachers, and community in wishing you the very best. With pride, in particular I wish that you continue to Learn-Strive-Care-Respect.

Most Sincerely,

Mr. Leon Liatsos, Principal

AL HOWARD

1000 POINTS

IN MEMORIUM WILLIAM AHR (DEC. 1, 1959- MAY 12, 1998)

My dad was a man of his word. He was a man who cared for his family as much if not more than anything else in the world. He loved to participate and watch sports. He wanted the best for his family.

My dad graduated from Stoughton High School in 1968, and ventured onto college. He soon realized college wasn't for him. He married my mother Linda on July 5, 1980. I was born a year later. My mom says that the day I was born was the happiest day of his life.

There was a time in my life that my dad and I did not get along, but that didn't last very long. My dad was proud of everything I did. The day that made him the proudest was the day that I brought home straight A's on my report card. It was something that he had never accomplished. From that day on he made sure that he was there when I needed him because he wanted me to go to college and get a college degree, something he was never able to fulfill.

He always enjoyed watching me play baseball and enjoyed playing golf during the summer. (even though he always lost) My dad would get out of work early to come watch me play baseball. The one moment I will always remember is in the 10th grade when I hit a home run against New England Christian Academy. When I got home that night he had left a big note saying congratulations. That made me happy because I didn't know he was there.

Suddenly one night after work I came home and could not find him. I looked for a couple of hours without any trace of him. I then looked out back and found him. He was dead. My world suddenly stopped moving. It was like someone took my heart and soul, ripped it from under my nose. I did not know what I could do or how I could ever get my world to start moving again, but I do now. I realized the only thing left to do is to make him proud, by finishing school and getting a college degree.

I love and miss you Dad,  
Love, Billy
